Objectives

In this Live Online Training you will learn

- How to conduct GDP audits of road transport vendors, forwarders on airfreight service and forwarders on ocean freight service
- How to host and prepare for a Quality and Risk Management System and GDP audit

As a participant you will exclusively receive an audit checklist for air, road and ocean transport as well as a compilation of regulatory requirements for the transport of time and temperature sensitive pharmaceutical products. You will further receive two short self-study scenarios with some questions. Answers will be provided during the training.

Background

The EU GDP Guidelines highlight the need for appropriate controls for all partners and service providers in the distribution chain (like road transport vendors, forwarders on airfreight service and ocean freight service). Qualification of these partners, for example through audits, is a core element in implementing the GDP requirements.

Target Audience

This Live Online Training has been developed for logistics service providers and pharma manufacturers. It is directed at everybody involved in GDP audits.

Moderator Dr Markus Funk
